Time-Based Discounting (Markdowns by Age)

Rose 3.0 · Location/Discounts › MARKDOWNS BY AGE

In each screenshot, the **yellow boxes** show what to click. Numbers give the order.

Overview

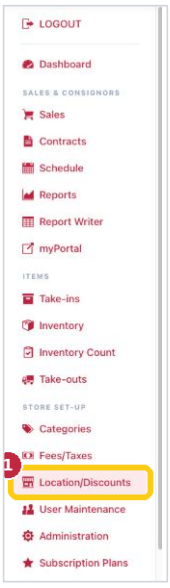

Time-based discounting marks items down automatically as they age. You choose up to three steps, for example 20% off after 30 days, 30% off after 60 days and 50% off after 90 days. An item's age counts from its **shelf date**, the day it went on the floor. Square applies the discount at the register.

Each location has its own markdowns, so your clothing store and furniture store can use different steps.

Where to find it: Dashboard › menu (☰) › **Location/Discounts** › pick the location › **MARKDOWNS BY AGE**.

Set up markdowns by age

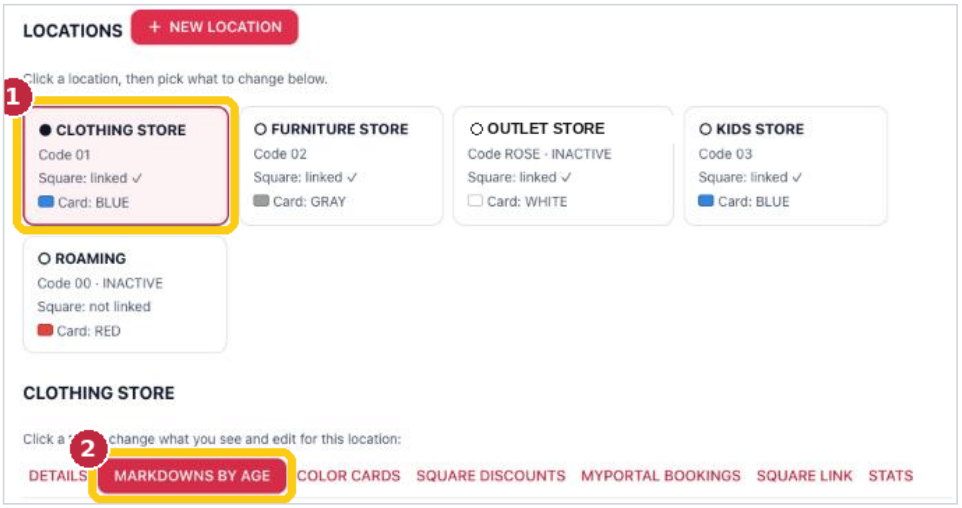

1 Open the menu (☰) and click **Location/Discounts**.

Click Location/Discounts in the menu (1).

2 Click the location you want to discount.

3 Click the **MARKDOWNS BY AGE** tab.

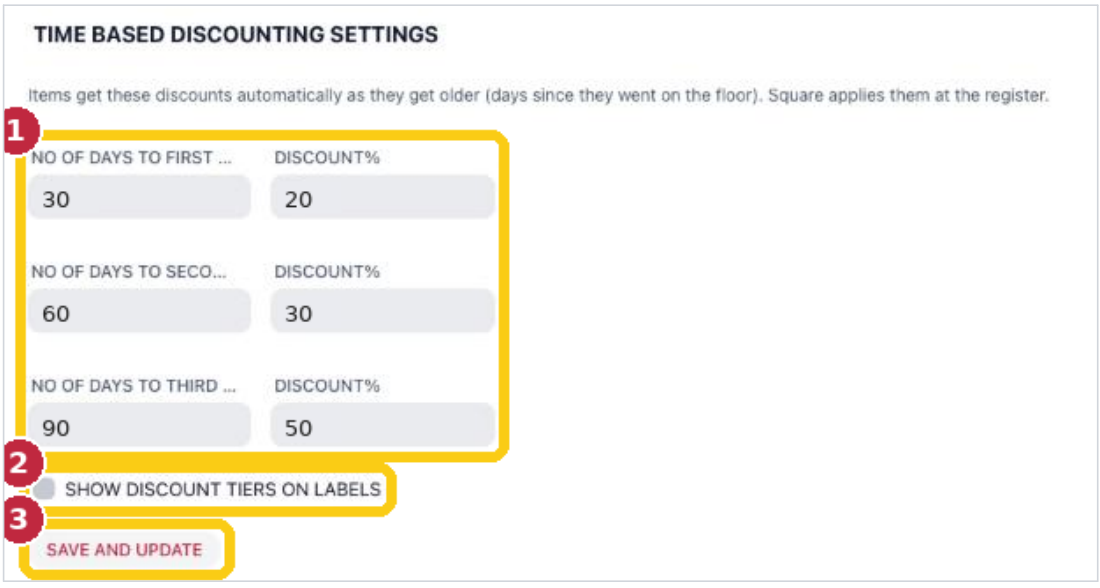

Pick the location (1), then MARKDOWNS BY AGE (2).

4 For each step, enter the **number of days** on the floor and the **DISCOUNT%**. Type 20 for 20%. Leave a step at 0 if you don't need it.

5 Want shoppers to see the lower prices ahead of time? Tick **SHOW DISCOUNT TIERS ON LABELS**. New labels then show the price at each step.

6 Click **SAVE AND UPDATE**.

Example: 20% off at 30 days, 30% at 60 days, 50% at 90 days (1). Tiers on labels (2), then SAVE AND UPDATE (3).

Discounts start right away. As soon as you save, every item already older than a step gets that discount, unless the item is set to **NO DISCOUNTING**. Don't save markdowns until you're ready for them.

Keep an item at full price

Open the item in **Inventory** with its **ALTER** pencil, tick **NO DISCOUNTING**, and save. See **Altering Existing Inventory**.

To keep all of one consignor's items at full price, tick **NO DISCOUNTING** under **ITEM DEFAULTS** on their contract. New items for that consignor start with it ticked.

Questions

Who pays for the discount, the store or the consignor?

You decide in **Administration › SETTINGS › CONSIGNORS › PAYOUT RULES**: the business, the consignor, or shared by the split. Rules apply to sales posted from then on.

What other discounts can I use?

The same location has **COLOR CARDS** (color tag discounting) and **SQUARE DISCOUNTS** tabs. See **Color Card/Tag (Label) Discounting**.
